Agenda: Discussion regarding project requirements		

Key finding and decision

Keyword/Topic	Discussions/Decisions/Information
Application Details	<ul style="list-style-type: none">• cPanel & Source Code Access: Bala and Vijeesh will share cPanel access and the source code for both applications with the SPEC Team for internal review and future reference. This will be done after completing the handover session with the old vendor, tentatively early next week.• Key Discussion & Conclusion from Today's Meeting:<ol style="list-style-type: none">1. Suggested Changes in the License Application (as per Bala & Vijeesh):<ul style="list-style-type: none">- UI Enhancements:<ul style="list-style-type: none">○ Add colors to vector images/icons.○ Use a slightly darker black color for text instead of light gray to improve visibility.- Feature Updates:<ul style="list-style-type: none">○ Search Option: Add a search feature under the "License Details" popup to allow users to easily find specific licenses.○ Distributors & Roles Page: Remove the "Description" column from the table as it is not required.○ Add / Edit Distributor Popup: Rename the "Description" field to "Address".○ Add / Edit Role: Keep the "Description" field in the Add/Edit Role popup but make it optional.- Editing & Deletion Restrictions for Customer & Distributor:<ul style="list-style-type: none">○ The system should not allow users to edit or delete a customer if the customer has at least one active license.○ The system should not allow users to delete a distributor if the distributor is associated with any active customer.- Hide Password & Confirm Password in Edit User Screen:<ul style="list-style-type: none">○ Since all users can change/reset their passwords independently, the "Password" and "Confirm Password" fields should be hidden while editing user details.2. Add/Edit Customer – Mobile Number Format:

Keyword/Topic	Discussions/Decisions/Information
	<ul style="list-style-type: none">- The mobile number field should support (Country Code + Mobile Number) format.- The system should allow users to enter mobile numbers for the following countries: UAE, KSA, OMAN, QATAR, Bahrain, Kuwait, India, Singapore, China, Japan, South Korea, Australia, South Africa, Egypt, Morocco, Tunisia, Libya, Algeria, Iraq, Indonesia, Thailand, United Kingdom, France, Germany, Czech Republic, Poland, USA, Canada, Kenya, Denmark, Netherlands, Sweden, Norway, Scotland, Ireland, Hungary, Italy, Austria, Vietnam, Philippines, Armenia, Georgia, Sri Lanka, Nepal, Jordan, Israel, Brazil, Mexico, Argentina. <p>3. Map Plan Management: The SPEC Team will review the reference links shared by Bala and provide feedback as soon as possible.</p> <p>4. Floor Plan MGMT – Increase to 25MB file as the .dwg and .svg file will be huge:</p> <ul style="list-style-type: none">- The SPEC Team will check feasibility and update Bala/Vijeesh accordingly.- Additionally, feasibility checks for .dwg and .svg files are in progress, and updates will be shared once completed. <p>5. General Settings – Operational Timing & Time Zone:</p> <ul style="list-style-type: none">- The BI Dashboard should support configuration of client-specific Operational Timing & Time Zone settings.- The system should automatically calculate, and display information based on the configured Operational Timing & Time Zone. <p>6. Add Camera on Zones:</p> <ul style="list-style-type: none">- The system should allow configuration of a single camera based on the number of lines within one or multiple zones.- Users must enter/select the number of lines while assigning a camera to a zone. <p>7. User Permissions for Camera, Floor, Zone & Reports:</p> <ul style="list-style-type: none">- Permissions should be assigned at the role level rather than individually.- A specific role can be assigned to one or more users, granting them access to cameras, zones, floors, and reports based on their assigned permissions.
Logo For BI Dashboard Web App	<ul style="list-style-type: none">• Bala has requested the SPEC Team to create a new logo for the BI Dashboard Web Application. The SPEC Team will discuss this request internally and provide an update to Bala at the earliest.
Sample File for License	<ul style="list-style-type: none">• Bala / Vijeesh will share sample file for license for SPEC's reference after that SPEC Team reviews the file & suggest in case of any good alternatives.
Device setup from SPEC's end	<ul style="list-style-type: none">• Vijeesh will configure the required applications on the dedicated machine on Wednesday, 19th February 2025.
Physical Camera Devices	<ul style="list-style-type: none">• Hanwha's team have shifted the cameras to SPEC INDIA's address & SPEC Team will receive it any time in the requested address.• They've proposed to setup the camera at the SPEC premises for the testing of the data and functionalities. Regarding that, the SPEC team will check with SPEC management and confirm to proceed with the same.
