Agenda: Discussion regarding project requirements		

Key finding and decision

Keyword/Topic	Discussions/Decisions/Information
Application Details	<ul style="list-style-type: none">• cPanel & Source Code Access: Bala and Vijeesh will share cPanel access and the source code for both applications with the SPEC Team for internal review and future reference. This will be done after completing the handover session with the old vendor, tentatively early next week.• Bala will provide Additional AI Box links by tomorrow.• Key Discussion & Conclusion from Today's Meeting:<ol style="list-style-type: none">1. Manage Devices:<ul style="list-style-type: none">- Bala & Vijeesh suggested the following tweaks in the shared Figma design for the "Manage Devices" page:<ul style="list-style-type: none">○ Create a new simple form where users can enter:<ol style="list-style-type: none">1. IP Address2. Username3. Password4. Port (default: 80, editable)5. Use HTTPS (default: unchecked)6. HTTPS Port (visible only if "Use HTTPS" is checked, default: 443, non-editable)- The SPEC Team will implement these changes after receiving AI Box details from Bala to test API responses and clarify any doubts. This will help avoid unnecessary back-and-forth revisions in the future for Figma design.- Bala approved the Figma design and did not request any further changes. Therefore, the SPEC Team have considered it as the finalized design for the Manage Devices functionality.2. Floor Plans & Zones Page:<ul style="list-style-type: none">- Bala & Vijeesh suggested the following tweaks in the shared Figma design for the Zone creation features:<ul style="list-style-type: none">○ Add & update following fields in the "Add Zone" & "Edit Zone" form:

Keyword/Topic	Discussions/Decisions/Information
	<ol style="list-style-type: none"> 1. Max People Occupancy (default: 0, editable) 2. Default People Occupancy (default: 0, editable) 3. Max Vehicle Occupancy (default: 0, editable) 4. Default Vehicle Occupancy (default: 0, editable) <p>- The SPEC Team will do the needful in Figma design file & share updated link to Bala once the requested changes completed successfully.</p> <p>3. Map Plan:</p> <p>- The exact list of features and functionalities for the Map Plan functionality is still pending from Bala. The SPEC Team is awaiting this list.</p> <p>- Once received, it will enable the SPEC Team to conduct further research and development to explore viable solutions using open-source or free libraries.</p>
Logo For BI Dashboard Web App	<ul style="list-style-type: none"> • Bala has provided a PPT file containing the logo for the BI Dashboard Application. The SPEC Team will review it and get back to Bala if there are any concerns or queries.
Physical Camera Device Setup	<ul style="list-style-type: none"> • The SPEC Team has configured one camera (Model: QN-C8083R) in the SPEC office premises. • Moving forward, the team will utilize this camera for people count-related information.
