Absent: None	**Absent: None**

Agenda: Discussion regarding project requirements

Key finding and decision

Keyword/Topic	Discussions/Decisions/Information
Source Code Access	• *Bala and Vijeesh will share the source code for both applications with the SPEC Team for internal review and future reference.*
Google Map Integration Details	• *Bala will conduct the necessary research on the **Google Maps library on his end** and provide us with the **credential details required for further integration and testing on our side*** • *Today, Bala requested the SPEC Team to research **Mapbox GL JS** and **Static Image API** options in the Mapbox library and provide details on pricing and usage.* • *The SPEC Team has completed the research and shared the details with Bala via email.*
P-Series camera link	• *Bala or Vijeesh will provide new **P-Series camera links** with the **Factory & Retail Pack setup** by Tuesday to test the data flow, detections, and events.*
Key Discussion & Conclusion from today's Meeting	• *Today we have in-depth discussion on the **Retail, Vehicle & Factory** widgets.* • *The SPEC Team will create Figma designs for the widgets outlined in the project scope and present them to Bala and the team for review and finalization.* • *The SPEC Team will reach out to Bala if any further clarification or assistance is needed regarding the widgets.*
